Request for proposal overview

Once we've published a requirement, we ask DERs to register their interest for participation in the tender, after which we publish a request for proposal, which includes:

Location and type of requirement

Size and duration of requirement

Technical Specification

Terms and Conditions

Template Contract

The document is uploaded along with a response template to our website and our e-procurement portal, WAX digital.

Register your interest for one of our Request for Proposals <u>here</u>

Send us an email at flexible.contracts@enwl.co.uk

Sign up to our distribution list to receive updates and notifications whenever we have a requirement here
